H. F. Byrd Chairman of Democratic State Committee Makes Statement

The outcome of the New York Convention was the triumph of the Democratic principle of free choice. The nomination of Davis and Bryan was not prearranged at the command of favored financial interests. It was not made in any secret conclave of political bosses, nor was it dictated by the political patronage.

The unusual length of the convention session and the open and vigorous conflict of opposing personalities was a small price for the final result which is a true reflection of the Democratic masses.

The Virginia delegation was loyal to Senator Glass and was also loyal to the general and permanent interests of the national democracy.

John W. Davis is a lawyer of profound attainments, a statesman in the best sense of that noble designation and possesses a character so high, so known to all men, that even the tongue of political slander is silent in his presence.

Immensely able and of attractive personality—he also possesses that wide and [illegible] without which no man can be truly great. He was one of the trusted executives of Mr. Wilson's policies and has now become the inheritor of the Wilson traditions.

Governor Bryan is the successful Democratic Governor of the normally Republican state of Nebraska. He carried that state by over sixty thousand majority which is a tribute to his capacity and an evidence of the esteem in which he is held by the people of his state.

We have nominated a ticket upon which all Democrats can agree, a ticket of such high personal character that we can use without stint every legitimate weapon thrust into our hands by the incompetence and corruption of the Republican administration. We can attack with consistency every betrayal of public trust, we can expose the treason of those in high places in the Republican organization, we can make relentless warfare upon the unholy combination of corrupt business and corrupt politicians which has brought farmers and consumers alike to economic distress.

Emmet Gregory, Chairman Republican County Committee of Buckingham county calls his committee together for July 26th at Dillwyn.

The James River Baptist Association will be held at Concord church in Buckingham county on July 31st and August 1st. The church is two miles west of Sheppards P. O. and roads are good.

Because Davis is sure to get the electoral vote of Virginia is no reason why all Democrats should not line up the practice of voting, and get ready to register a big Democratic majority in the county.

Co Ops

Approximately 50,000 bright tobacco farmers of Central and Western North Carolina and Virginia who are members of the Tobacco Growers Co-operative Association will receive checks aggregating $2,300,000, Saturday, July 26, at 60 co-operative tobacco warehouses where association makes a second payment upon all deliveries of 1923 tobacco to its old belt members.

The determination of the tobacco directors to pay its members cash in hand from sales of old belt tobacco rather than wait for a further accumulation of money from sales, has met with very general approval among the tobacco farmers for whom cash payments at this season of the year are proving a real benefit.

The Tobacco Growers Co-operative Association has made a payment every month for the last three months to its members in three states, and next Saturday's distribution of $2,300,000, will make a total of $5,500,000 distributed to the associated farmers at a season when cash on the tobacco farms is most needed by producers of the weed.

Va. Press Association is being entertained by city of Roanoke and Times and World newspapers. Our heart is there but the weather is too hot for the countryman to stay in city at night.

Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. . . . I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good.

"In April I went up to Arkansas to visit my sister. . . . She said to me, 'Willie, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. . . . My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. . . . I feel fine and I owe it all to Cardui, which I took faithfully."

PROPERTY OWNERS' ATTENTION!

Windstorms are dangerous and come often. According to the U. S. Weather Bureau no community is immune from such storms.

If a tree were blown across your dwelling or your roof blown off it would cost you a great deal to repair it.

For a very small cost the largest Fire Insurance Co. in America will also protect you against loss by windstorm.

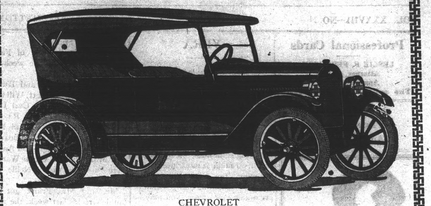
Health Insurance for the Whole Family



CHEVROLET

Without counting the daily utility of a Chevrolet for going back and forth to work, shopping or taking the children to school, etc., its value in saving doctor's bills, broadening your mental horizon and keeping the whole family physically fit, amounts to more than the cost of the car and its upkeep. It is more of an essential to the modern family than anything else but a home Chevrolet meets the requirements of the modern family because it is economical to buy and maintain, because of its excellent appearance and riding comfort, because it can be depended upon, and because it is so easy to drive that any member of the family can use it.

Much wheat is damaged by wet weather and farmers make a great mistake in having wheat threshed when damp. Better open it up, let it dry out and thresh later. It will pay you. The price is $1.36 to-day and will surely reach $1.50.

At an informal meeting of the citizens Tuesday night the question of laying water mains was considered and someone was instructed to get the town surveyed by the fire rating beaureau to ascertain the requirements of the underwriters and to what extent fire rates would be reduced. In the meantime Twyman and Hancock will be laying mains on the southside of town and erecting the tank.

At Liberty Baptist church on Sunday, July 27, Rev. H. Farlett East will preach to the Masonic Lodge. His last sermon as pastor of Liberty church will be held on Sunday night at 8 o'clock. To those who may not be able to attend either of these services, he herewith expresses his appreciation of the many kindnesses he has received during the five years in which he has been a citizen of Appomattox. Will be glad to have you worship with us Sunday.

Senator Ferguson reports that Commissioner Shirley of the State Highway Department informs him that the 18 foot concrete road from depot through town to the State Highway is to be completed this yaar by the same force now working on the road west of this town. That the contract let this month to Boxley Co., and subsequently awarded to Ford & Harvey has been cancelled and will be advertised again for bids. If this road can be completed to Concord Depot by January we will have a good road to Lynchburg this winter. There is no encouragement offered by the department on the road east of Appomattox to Prospect. This is a most important stretch of road and should be completed at the very earliest possible date.

The W. M. U. S. of Hollywood church will give a lawn party Saturday, July 26th, beginning at 2:30 o'clock, after which the young people will give the play entitled "Josiah's Courtship" beginning at 8 o'clock. Admission 15 and 25 cents. Everybody come and have a good time and help a good cause. Proceeds for benefit of parsonage.

Hebron Association

The Appomattox Association concluded yesterday a wonderful meeting at Hebron church. This prosperous section of our county exemplified its hospitality in entertaining about 400 delegates and feeding probably more than a thousand visitors. It was the editor's first visit to a Baptist Association and he has accepted an invitation to go again. After feeding the tremendous crowd with the best eats—and there were some hungry fellows in the crowd—it seemed that the tables were still ready for another feed.

There were many prominent people there from a distance including Congressman Tucker and the Treasurer of the 75,000,000 Campaign Fund.

It was such a crowd of folks that you love to be with and the girls were there with home-made beauty.

Godsey—Brooks

On the 28th day of April 1924, there was a quiet wedding solemnized, when Clifford Lee Godsey of Appomattox, and Mrs. Emma W. Brooks of Lynchburg, were united in marriage. The Rev. Bradshaw of N. C., officiated. The sister of the bride was maid-of-honor while her brother-in-law was best man. After the wedding Mr. and Mrs. Godsey returned to Lynchburg, where they lived for a while, keeping their marriage a secret. They left on July 5th to make their future home up north.

Estray Heifer about two years old, red and white spotted came to my house Sunday.

FIRESTONE TIRES
The Source of Extra Mileage

FIRESTONE has come to the strategic position of being able to give greater tire value, through its twenty-two years of experience and growth.

Only the cumulative knowledge that Firestone possesses, the highly developed manufacturing and distributing organization, and the gathering of a corps of skilled designers and builders, could account for Firestone quality, sold at prices so low as to create an extraordinary tire value.

The volume of Firestone production, permits buying economies, and the reduction of overhead expense. This, in turn, has made it possible to adopt superior, but costlier processes that have resulted in a big mileage increase.

Notable among these is double gum-dipping—a special Firestone process of first importance. In the majority of cord tires the individual plies of cord fabric are merely coated with rubber—known as "calendering." Firestone immerses the cord fabric in vats of liquid rubber then applies two coats of rubber to each ply.

The purpose of this is to overcome internal friction—the wear caused by one cord rubbing against another. The carcass thus built, is livelier, stronger, capable of delivering more mileage.

The above is cited merely as an example of how Firestone proceeds to give you greater value. In tread design and compound, in air-bag curing, rubber blending and tempering, bead and sidewall construction, you will find other advantages that enter into the ultimate result—uniformly greater mileage and increased enjoyment from your car. The volume of Firestone distribution enables us to offer the following reduced prices.

30x3	Special	Tires	$ 6.35	Tube	$1.35
30x3½	Cord	"	10.00	"	1.50
32x4	"	"	21.00	"	3.10

Firestone prices carry a saving in dollars and cents that you cannot afford to miss. Come in and let us talk it over with you.
